Rally Obedience

Rally Obedience is sport that is rapidly growing in popularity. In Rally O, dog and handler navigate a course of signs that designate a particular skill that the handler must perform with their dog. Important skills learned in Rally O are leash walking and heel work, novice through advanced obedience skills, and attention skills.

The sport has a growing competitive circuit. But you don't have to compete to enjoy a Rally O class. The skills learned in a Rally O class will help you have a well-behaved dog even in challenging situations. And the skills are learned in a fun environment that many people find they want to take over and over again.

There are a few instructors here in town who teach Rally Obedience and it a great way keep classes on-going with your dog, and fine tune your dog's obedience skills.

If you would like to learn more about Rally Obedience, here is a link to the American Kennel Club site which explains how to get involved in the sport:
